CLINICAL EXPERIENCE

February 2019 - Present

Private Practice Chiropractor

Los Angeles, CA

Dr. Lina Cook Chiropractic

Advanced practitioner with a DACBSP post-doctoral distinction specializing in care for professional athletes, dancers, Personal Injury (PI) cases, Worker's Compensation claims, and general care for adults and young athletes. An expert in identifying precise ICD-10 codes which improve care and billing procedures.

- Book of Business: Initiates consultations with patients needing physician referrals; accesses an extensive selection of surgeons, podiatrists, psychologists, nurse practitioners, and physical therapist to promote holistic care outcomes.
- Content Generation: Hosts and manages a public blog which features an easy navigation to scheduling clinic appointments and research related posts. Utilizes website as marketing tool and content portfolio.
- Start-Up Experience: Personal experience launching a chiropractic clinic from ground-up. Simultaneously builds rapport with current patients whilst using social media engagement to cultivate new business.

May 2016 - Present

Chiropractor

Los Angeles, CA

Healthpointe Medical Group – Multidisciplinary Clinics

Practice at a highly distinguished musculoskeletal group overseeing a clinical team of **10** associates leading daily operations, schedule optimization, and timely documentation. Oversee key chiropractic duties to include meeting with specialty providers weekly with the goal of exceeding comprehensive care objectives whenever possible. Progressively improved clinic performance through consistent implementation of groupwide initiatives:

- Pain Management: Capitate with **7** major health plan/insurance panels and the MPN to provide symptom management. Evaluate patients for pain indicators and reviews patient records to identify medical history which rule out or further diagnose related conditions.
- Early Diagnoses: Focus on preventative care for accurate diagnosing; order lab work, advance imaging, and recommend medical equipment to enhance patient recovery.
- Patient Retention: Empower referral source trust as a leader in comprehensive treatment plan development, timely referrals to specialty physicians. Dedicates appointment time to active listening and concise patient education which has consistently led to **4-5** star reviews for the clinic.

December 2014 - June 2015
