## *2001 Kayak Diver*

### Why Did I Do Kayak Diver?

This program was one I just stumbled upon. I was on a trip in St. Lucia and staying at a Sandal, where we were using Kayaks. I loved them and started to sell them at the store. While on my trip we decided to take equipment to a spot none went to and dive it. Well I had to come up with a plan to not lose our Kayak, yet still be sure they were there when we came back. I wrote most of this class while on the plane heading home. This is a great way for people to dive local lakes such as Lake Michigan, get to the wrecks and safely make it back. Kayak diving is healthy, fun and a great way to get out and explore. On one of y adventures in Lake Michigan near the Indians shores I stumbled upon a bunch of debris and found some cool things like bottles and hardware. The Kayak program is well worth taking, it will give you the opportunity to dive in more location and not have the huge expense of boats.
